In our modern lives, our time is taken up by a number of pursuits that all keep us away from proper home organization, cleaning, and maintenance. Unlike 60 years ago when a mother stayed at home, today most families require that both partners work. With kids, school runs, extramural activities and other challenges, we have little time to worry about our homes. We are happy to spend a little time here and there cleaning and organizing. Unfortunately, this often results in homes that slowly but surely become filled with clutter and stuff we do not need. This piles up everywhere and unless dealt with, can cause a number of problems. With this book, I hope to help you understand why an unorganized, clutter-filled home is not ideal. Once you know the reasons why you should keep your home organized and clutter-free, it is far easier to get into gear and do so. Please take the time to go through the book slowly as there is much information to take in. My objective is to provide you with plans that you can use or adapt and change into something that works for you.
