Interpolated Six-Place
Tables of Logarithms
of Number and the
Natural and Logarithmic
Trigonometric Functions
Wildside

Wildside Press, United States, 2012. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Horace Wilmer Marsh was head of the Department of Mathematics at the Pratt Institute School of Science and Technology. The logarithm of a number is the exponent by which another fixed value, the base, has to be raised to produce that number. Logarithms were introduced by John Napier in the early 17th century as a means to...

Reviews

Absolutely among the best publication I have got at any time go through. It really is written in straightforward phrases rather than hard to understand. Its been designed in an extremely straightforward way which is just soon after i finished reading this publication through which basically modified me, alter the way i believe.

This created pdf is excellent. We have read through and i also am sure that i am going to going to study yet again yet again in the future. You will not truly feel monotony at any time of your time (that's what catalogues are for concerning should you check with me).

-- **Myriam Bode**

It is really an awesome ebook that we actually have actually study. It can be loaded with wisdom and knowledge Once you begin to read the book, it is extremely difficult to leave it before concluding.
