The eight decades of British colonial rule, as selected by the author, are covered extremely well in this book. It is well researched, documented and presented. Brar, India Today ` .extensive and impressive.professionally presented and supported by detailed tables, references and footnotes.a valuable research tool for other scholars working in this field. - T.A. Heathcote, The Journal of Imperial and Commonwealth History ` This is an important book, not only because it deepens our knowledge of how the British-Indian army worked but because it poses questions which social and military historians ought to ask about all armies. - David French, War in History This is the first scholarly study of the subject for twenty years, and the only one based on extensive archival research.
