

## Namibia's Red Line: The History of a Veterinary and Settlement Border (Palgrave Series in African Borderlands Studies)

Filesize: 8.7 MB

### ***Reviews***

*An extremely great ebook with perfect and lucid answers. This is certainly for anyone who stante that there was not a well worth looking at. Its been designed in an exceptionally simple way and is particularly only soon after i finished reading through this ebook in which actually transformed me, modify the way in my opinion.*

*(Libbie Farrell)*

## **NAMIBIA'S RED LINE: THE HISTORY OF A VETERINARY AND SETTLEMENT BORDER (PALGRAVE SERIES IN AFRICAN BORDERLANDS STUDIES)**

Palgrave Macmillan, 2012. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: 'A remarkable demonstration of how focusing on topic largely ignored in African historiography, a line drawn in the sand, can produce alternative perspectives on the socio-cultural history of Namibia. This finely nuanced study opens up important ways of re-examining old ways of writing history and generates important new insights into the dynamics of colonial control.' -- Robert Gordon, professor, University of Vermont and University of the Free State 'Seated in an exceptional knowledge of Namibia's historical record, this work has moved the history of an internal border towards the center of the history of colonialism and empire in southern Africa. Miescher makes a convincing case that the internal border, through its development towards a formally realized settlement and veterinary boundary, may be far more determinative of the terms of governmentality, and in turn of the fate of the nation, than the external borders that were the privileged cartographic marks of empire. We learn how the internal border was experienced, how it was lived, and the work raises critical questions regarding the continuing effects of the structures of spatial colonialism on the conditions of governance and economy in the post-colony.' -- David William Cohen, professor emeritus of Anthropology and History, The University of Michigan 'Real and imagined, the Red Line slices through Namibia's history. Miescher provides a compelling and vivid account of an historic journey along the line as it is constantly re-mapped and re-inscribed upon the landscape, defining Namibia's space and time for almost a century and still continues to cast its shadowlike presence.' -- Leslie Witz, History Department, University of the Western Cape 'Giorgio Miescher's innovative study uses the Red Line as a tangential and highly productive route into Namibian history. He...
