TACNETECH (PAPERBACK)

Orlando E. Panfile, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Richard Rogers is devastated to learn that a friend has been killed by a drunk driver, along with the friend s wife and daughter. When Rogers realizes the driver had a longtime history of driving under the influence, he is certain the crash could have been avoided. He assembles and finances the Tacnetech, a device to detect and report vehicular infractions, with the goal of preventing similar future incidents. Knowing his project will be met with skepticism, he formulates a plan to introduce it in a structured, strategic, and incremental manner. A sample testing validates the project, but not everyone agrees with the device s concept. As contemptuous terms such as big brother and snitch are thrown around, suspicious events threaten to kill the program, and possibly Rogers himself. Torn between corporate pressure and his personal life, Rogers must navigate treacherous waters and perilous skies in order to see the project through to an uncertain end .
