

Basic Chemistry - (Vol.2)

Filesize: 4.06 MB

Reviews

I actually started reading this article publication. We have read and that i am confident that i am going to planning to study yet again once again later on. You can expect to like how the author compose this pdf.

(Zoe Hilpert)

BASIC CHEMISTRY - (VOL.2)

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 180 Publisher: Chemical Industry Press Pub. Date :2011-2-1. Basic Chemistry is the application of chemical technology and related professional expertise of the core curriculum. but also the application of chemical technology and related professional career professional technical core curriculum. The material is in our hospital as a national model vocational colleges in the context of the preparation of construction. the application of chemical technology profession is one of national key construction professionals. the application of chemical technology materials to professional training program at the core. combined with total control of chemical engineering . Inorganic Reaction Engineering . organic reaction workers . analysis work. the national occupational standards. core competencies to achieve professional training as the goal. according to reverse decomposition. the integration structure. dynamic feedback loop to enhance the course design ideas. the Inorganic Chemistry . Organic Chemistry . Physical Chemistry and the related supporting organically integrates experimental. build a mission to lead. action-oriented & rdquo ;-style curriculum. reconstruction of the course content. The material points. the next two. a total of 16 learning environment. the book includes the basic operation of chemical experiments. the separation of a mixture of technology. the determination of vapor pressure. chemical thermodynamics. chemical reaction rates. chemical equilibrium. non-metallic and metallic elements in Theory seven learning environment; the next volume of the determination of physical constants. including technical material. hydrocarbons. halogenated hydrocarbons. alcohols. ethers. phenols. aldehydes. ketones. carboxylic acids. nitrogen-containing organic compounds. heterocyclic compounds. polymer synthesis of organic compounds Comprehensive training and chemical and nine learning environment. Contents: the physical learning environment eight material constants of the mission statement of a measurement technique [] Determination of Density (Wechsler scale determination of density)...
