

Cognitive Variations: Reflections on the Unity and Diversity of the Human Mind (Paperback)

By G E R Lloyd

Oxford University Press, United Kingdom, 2009. Paperback. Book Condition: New. 218 x 146 mm. Language: English . Brand New Book ***** Print on Demand *****.Sir Geoffrey Lloyd presents a cross-disciplinary study of the problems posed by the unity and diversity of the human mind. On the one hand, as humans we all share broadly the same anatomy, physiology, biochemistry, and certain psychological capabilities - the capacity to learn a language, for instance. On the other, different individuals and groups have very different talents, tastes, and beliefs, for instance about how they see themselves, other humans and the world around them. These issues are highly charged, for any denial of psychic unity savours of racism, while many assertions of psychic diversity raise the spectres of arbitrary relativism, the incommensurability of beliefs systems and their mutual unintelligibility. Lloyd surveys a fascinating range of subjects, examining where different types of arguments, scientific, philosophical, anthropological and historical can take us. He discusses colour perception, spatial cognition, animal and plant taxonomy, the emotions, ideas of health and well-being, concepts of the self, agency and causation, varying perceptions of the distinction between nature and culture, and reasoning itself. To avoid the pitfalls of misleading dichotomies (especially...
