

Klee

By Taschen, Susanna Partsch

Taschen GmbH. Hardback. Book Condition: new. BRAND NEW, Klee, Taschen, Susanna Partsch, Thinking eye: A unique language of symbols, literature, and light With meticulous theories and many thousands of paintings, drawings, and watercolors, Paul Klee (1879-1940) is considered one of the most cerebral and prolific leaders of 20th century European art. Though typically small in scale, his works are remarkable for their sophisticated thought and meticulous nuances of line, color, and tonality. Klee's stylistic formation was shaped by early affiliation with the German expressionist group Der Blaue Reiter and, in particular, by a 1914 trip to Tunisia which transformed his use of color. After the war, he taught at the esteemed Bauhaus school, where his lectures, like his emerging practice, emphasized the symbolic potential of shade, line, and geometry. Klee was also inspired by Cubism, poetry, music, literature, language, and the simplistic power of children's art. Famed for his simple stick figures, he often combined the appearance of untutored naivety with rigorous composition and intellectual significance. This book provides a selection of key Klee works to introduce his style and influence. From sun-drenched landscapes to enigmatic wordplay, discover a world at once simplistic, symbolic, and dazzlingly colorful. About the Series: Each book in TASCHEN's Basic Art...

Reviews

Definitely one of the better books we have possibly read. We have read through and I am certain that I am going to study it once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.
